My name is Ajay Kumar, and I am from Sangareddy, Telangana. I hold a Bachelor of Technology in Information Technology from B V Raju Institute of Technology, graduating in 2022.

During my academic and professional journey, I have developed strong skills in programming and data analysis, with proficiency in Python, SQL, and C. I completed an internship with Wipro, where I gained hands-on experience in data analysis, and further enhanced my expertise through a professional course in data analytics from Edu Bridge.

In addition, I have undertaken projects such as stock price prediction using Long Short-Term Memory models and a Vehicle Management System, which allowed me to apply my technical skills to solve practical challenges. I have also earned certifications in Artificial Intelligence from IBM and data analytics from Accenture.

I am eager to bring my knowledge, skills, and enthusiasm to your organization and contribute meaningfully to your team.
