EXPERIENCE

UI/UX Designer — Ti Educore Pvt Ltd (3 Months)
• Designed wireframes, UI layouts, and interactive prototypes using Figma.
• Improved user flows for dashboards and user journeys.
• Built reusable components and supported developer handoff.

SKILLS

Figma, UI/UX Design, Wireframing, Prototyping, HTML, CSS, Basic JavaScript, Canva, Communication, Creativity

PROJECTS

1. Inventory & Billing App for Small Shops (Figma UI/UX)
Designed a complete inventory and billing management application for retail businesses such as kirana stores, hardware shops, and garment stores. Created user flows, dashboards, product management, billing screens, and reports with a focus on simplicity and fast daily operations.
➤ View Figma Design

2. Portfolio Website – HTML, CSS
Designed and developed a responsive personal portfolio showcasing projects, skills, and contact details with clean UI and mobile-friendly layout.

3. Tours & Travel Website – Figma + HTML/CSS
Designed a travel booking interface including destinations, packages, and booking flow. Converted Figma design into responsive front-end pages.

4. Online School UI – Figma
Designed an e-learning platform UI including Home, Courses, Teachers, and Dashboard screens with consistent design system.

5. Grocery App UI – Figma Mobile Design
Created a mobile grocery shopping app UI with Home, Product List, Cart, and Profile screens. Added interactive prototype for realistic navigation.
