SUMMARY

Results-driven **React.js Developer** with experience building responsive, high-performance web applications using modern JavaScript frameworks. Skilled in developing modular UI components, implementing Redux-based state management, debugging browser issues, and optimizing user experience. Passionate about scalable front-end architecture and progressive web development.

EXPERIENCE

Junior Web Developer — Kevnit Information Technology   **Apr 2025 – Aug 2025**
Front-End Developer (React.js & WordPress)   *Bangalore, India*
- Developed and deployed multiple responsive web applications using **React.js, HTML, CSS, and JavaScript**.
- Implemented modular UI components with **React Hooks** and **Redux** for maintainable state management.
- Integrated REST APIs to deliver real-time and dynamic content within client projects.
- Delivered and maintained WordPress-based websites focused on UI and SEO optimization.
- Managed hosting setup, domain configuration, and AMC operations for client sites.

Software Engineer — Mphasis   **Sep 2023 – Mar 2024**
MERN Stack Developer Trainee   *Pune, India*
- Completed MERN stack training focused on **React.js workflows**.
- Developed full-stack web applications integrating **MongoDB, Express.js, React.js, and Node.js**.
- Performed testing using **Jest** for stable front-end performance.

Front-End Development Intern — SRT Softtech   **Jun 2023 – Sep 2023**
Intern   *Vijayapura, India*
- Developed responsive interfaces using HTML, CSS, and JavaScript.
- Collaborated with senior developers to debug and optimize UI performance.

PROJECTS

Stock Trading Dashboard
React.js, Redux, Node.js, Express.js, MongoDB
- Developed an interactive **stock trading dashboard** visualizing live stock data and portfolio insights.
- Integrated secure authentication, API-based real-time updates, and responsive design using Bootstrap.

Grocery E-Commerce Web Application
React.js, Node.js, Express.js, MongoDB, Tailwind CSS
- Built a full-stack grocery shopping platform with authentication, cart, and checkout features.
- Implemented JWT authentication, REST APIs, and **Nodemailer** for order confirmation.

Learning Management System (LMS)
React.js, Node.js, MongoDB, Postman
- Created an LMS for course management, enrollment, and progress tracking with optimized API responses.
- Built an adaptive front-end using React.js and CSS for an intuitive user experience.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), SQL, HTML5, CSS3
Frameworks & Libraries: React.js, Redux, Node.js, Express.js, Webpack, REST API, Tailwind CSS,Bootstrap.
Testing Tools: Jest, React Testing Library
Version Control & Tools: Git, GitHub, Postman, VS Code, Chrome DevTools, Figma, WordPress

CERTIFICATIONS

- Programming for Everybody (Python) – Coursera, Jun 2023
- ReactJS for Beginners – Simplilearn, May 2024
- Microsoft Certified: Azure Fundamentals (AZ-900) – Jun 2024

EDUCATION

BLDEA's V. P. Dr. P. G. Halakatti College of Engineering, Vijayapura   **July 2022**
Bachelor of Engineering (B.E), Electronics & Communication — CGPA: 7.44   *Vijayapura, India*
