OBJECTIVE

To secure a challenging position as a Java Developer in a dynamic organization where I can utilize my strong foundation in Java programming, problem-solving skills, and passion for software development to contribute to innovative projects. Eager to learn and grow while applying my knowledge of core Java, object-oriented programming, and database management to deliver efficient and scalable solutions.

EDUCATION

New Science Degree & PG College   2020 – 2023
B.sc (MPCS)   Hanumakonda

Govt.Junior College   2018 – 2020
Intermediate-MPC   Hanumakonda

Zilla Parishad High School   2018
SSC   Atmakur

SKILLS

- **Languages:** Java, J2EE

- **Frameworks:** Spring Boot, Spring MVC, Hibernate with JPA

- **Web Technologies:** REST APIs, Servlets, JSP

- **Databases:** Oracle, MySQL

- **Tools:** Maven, IntelliJ IDEA, Eclipse, Git

PROJECTS

DREAM-SHOP BACK-END APPLICATION

Technologies Used
- Frameworks: Spring Boot, Spring Security, Spring Data JPA, Hibernate
- Authentication: JWT (JSON Web Token)
- Database: MySQL

Project Description
Developed a comprehensive e-commerce backend solution, Dream-Shop Backend, using Spring Boot. The application provides RESTful APIs for managing products, user carts, orders, categories, and user authentication. Implemented secure access to protected endpoints using JWT-based authentication.

Key Responsibilities
- Designed and developed RESTful APIs for:
  - Product management
  - Cart operations
  - Order processing
  - Category management
- Implemented Spring Security for JWT token generation and validation.
- Ensured scalability and maintainability by following a modular code structure.
- Integrated Spring Data JPA and Hibernate for efficient database operations with MySQL.
