Professional Summary

Motivated and detail-oriented Computer Applications postgraduate with Python, Java (DSA), web technologies, and facial recognition projects. Quick learner and adaptable team player with a strong passion for technology, problem-solving, and continuous improvement. Seeking a challenging role in software development to contribute meaningfully and grow professionally.

Education

Master of Computer Applications (MCA)
Global Institute of Information Technology (AKTU Lucknow)
Pursuing (2023–2025)

Bachelor of Computer Applications (BCA)
Galgotias University, Greater Noida
2019–2022

Senior Secondary (Class 12th)
V.K.M Inter College, Bokaro – Jharkhand Academic Council
2019

Secondary (Class 10th)
Kendriya Vidyalaya No.1, Bokaro Steel City – CBSE
2016

Technical Skills

- **Programming Languages:** Python, Java (DSA)

- **Web Development:** HTML, CSS, JavaScript

- **Framework:** Bootstrap, React

- **Software & Tools:** IntelliJ, Eclipse, Visual Studio

- **Version Control:** Git , GitHub

Projects

Face Recognition and Verification System

- Built a facial recognition tool for identity verification using Python.

- Designed algorithms to detect and compare facial features from images and live camera feed.

- Implemented data preprocessing and validation for accurate recognition.

Scientific Calculator 1000fx

- A fully functional Scientific Calculator built using HTML, CSS, and JavaScript.

- This calculator supports both basic arithmetic and advanced scientific operations such as trigonometric, logarithmic, factorial, percentage, and memory functions.

- **HTML5** Structure of the calculator , **CSS3** Styling, gradients, and layout , **JavaScript (ES6)** Functionality and event handling.

Certifications

- Python Programming – Udemy

- Data Structures and Algorithms in Java – Coding Blocks

Interests

- Web Series | Learning new things

Languages Known

- English

- Hindi

I hereby solemnly declare that the details provided by me in this resume, are true to best of my knowledge.
