Shriram Gadewar

| 8788447010 | Pune, Maharashtra | gadewarshriram@gmail.com | [Linkedin]

PROFILE

- A skilled **PL/SQL Developer** with 3+ years of experience in designing, optimizing, and deploying complex SQL queries, **automating 150+** reports (achieving a **15% reduction** in ticket volume), and updated **50+ stored procedures** as per business requirements. Experience in collaborating with business clients such as leading **international banks in the UAE** and **UAE government entities**, with proven expertise in securely handling sensitive data. Successfully **leading a data migration project**, guiding and mentoring two new team members to ensure smooth execution and delivery.

TECHNICAL SKILLS

Languages: SQL,PL/SQL
Database and Tools: Oracle SQL Developer, MySQL Workbench, TOAD
ETL & Reporting Tools: SAP HANA
Other Tools: ServiceNow

PROFESSIONAL EXPERIENCE

LTIMINDTREE   September 2022 – Present
SQL DEVELOPER

- Developed and optimized complex SQL queries using sub-queries, joins, partitions, **CTEs, window functions**,Aggregate functions, Case statement, Unions, Intersect and Aliases improving query performance.
- Implemented PL/SQL packages, **stored procedures**, functions, triggers, and cursors to enhance data processing efficiency.
- **Automated** and created **150+** ad-hoc reports as well as recurring reports such as daily, monthly reports using **ETL** tools, reducing manual efforts and cutting support tickets by **15%**.
- Built and optimized **views, materialized views**, indexes, constraints, synonyms, and other database objects to enhance data accessibility.
- Developed and maintained Crystal Reports and Webi Reports, including parameterized and customized reports.
- Validated reports in Excel using Pivot Tables, **vlookup**, and **concatenate**, ensuring **100% data accuracy**.
- Managed **user access** controls, **granting**/**revoking** permissions to ensuring data security and compliance.
- Created and maintained SOPs for **300+** reports, views, and procedures, streamlining knowledge sharing.

DATA MIGRATION (MERGER PROJECT)

- Consolidated standalone SQL queries and stored procedures of two entities into a single integrated entity.
- Enhanced reports by introducing an additional characteristic column to identify the originating entity for better traceability.
- Executed testing in both merger and production environments to validate accuracy of new implementations.
- Prepared detailed test documentation, including screenshots of row counts across environments, and performed root-cause analysis for mismatches with valid justifications.
- Successfully contributing towards the target of migrating and validating **360** reports within stipulated timeline.

EDUCATION

MGM's College of Engineering   Nanded
Bachelor of Technology in Computer Science   *2018 – 2022*

Cambridge Junior College   Nanded
Senior Secondary School   *2016 – 2018*

ACHIEVEMENTS AND CERTIFICATIONS

- Honored with **Hi-Fi** award by Manager for 2024-25 for exceptional work and client appreciation.
- Got a 5-star rating on **HackerRank** for my proficiency in SQL.
- Beginner to Advanced PL/SQL Certification (**Udemy**)
- SQL Basic and Intermediate skill certification test (**HackerRank**)
