EDUCATION

University Name : Savitribai Phule Pune University	**2022 – 2025**
BCS - Bachelor's Of Computer Science- **CGPA** *- 8.67*	
HSC - Maharashtra Board - **Percentage – 78.17**	*2022*
SSC - Maharashtra Board - **Percentage – 80.60**	*2020*

EXPERIENCE

Fresher

Intern at Thinkify Software Services ↗   **April 2025**

- Learned and Implemented **Angular and Asp.Net Core .**
- Working on Tanker Management Project Using Angular and Json Server .
- Implemented user authentication functionality.
- Created a responsive front-end using **HTML, CSS and JavaScript.**

PROJECTS

Tanker Management Project ↗ | Angular , JavaScript, SQL Server,ASP.net Core MVC   **2025**

- A web-based system to manage tanker operations . Developed dynamic UI with Angular and Bootstrap .
- Integrated with a sql server for mock APIs .
- Features include real time data tracking and responsive dashboards

Online Agro Shop - ↗ | HTML, CSS, Bootstrap, Java ,MySQL   **2025**

- Online Agro Shop System is a web-based application designed to manage and track agro products, their categories, stock, and customer orders..
- It allows admins to add, update, and delete product, manage inventory, and generate reports.
- The system improves efficiency and simplifies agro product management for both sellers and customers.

Class Management System- ↗ Angular,SQL Server,ASP.net Core MVC   **2025**

- This is Fullstack .net project. This project has role based authentication. So we can take student admission from admin panel. We can add images dynamically. We can see how many student admissions there are.
