Anshu Kumari

Software Engineer

anshusin9852@gmail.com   +91-9852313820

Professional Summary

Software Engineering postgraduate (MCA) with hands-on experience in building web applications and workflow automation. Strong fundamentals in object-oriented programming, databases, and system-level concepts, with a focus on writing clean, maintainable, and efficient code.

Education

Master of Computer Applications (MCA)   *2024 – 2026 (Pursuing)*
Amity University, Patna   CGPA: 6.50

Bachelor of Computer Applications (BCA)   *2019 – 2022*
Magadh University / Swami Sahajanand College   CGPA:7.73

Technical Skills

- **Programming Languages:** Java, Python

- **Web Technologies:** HTML, CSS, JavaScript, React

- **Database:** SQL

- **AI & ML:** Machine Learning Basics,Artificial Intelligence Fundamentals

- **Tools & Concepts:** Git, REST APIs, Object-Oriented Design, GenAI, AI Agent

Projects

DocMakerHub

- Designed and developed a document creation and management web application to simplify digital documentation workflows.

- Built a responsive front-end using HTML, CSS, and JavaScript and integrated backend logic with a database.

Email Automation Project — Zapier, Google Forms

- Built an automated email workflow triggered by Google Form submissions using Zapier.

- Implemented a 3-day delayed follow-up email sequence to improve user engagement and reduce manual effort.

Certifications & Training

Data Structures and Algorithms Training (Java)   *Coding Blocks*
Academic training program conducted in collaboration with Amity University, Patna.

Coursework Subjects

Object-Oriented Programming, Operating Systems, Machine Learning, Database Management Systems
