PROFILE

To be an astute learner and work in association with professional teams, enabling me to build an innovative career in an esteemed organization while effectively contributing to both organizational growth and personal development. I believe in innovation and have a strong passion for emerging technologies.

A passionate Software Developer with 2+ years of experience in Frontend Development, specializing in Angular and React to build scalable, responsive, and user-friendly web applications. Possess foundational knowledge of Java and Oracle, gained through the successful completion of a Full Stack Java Development course from Naresh i Technologies, Hyderabad. Motivated to grow as a full-stack developer by leveraging strong frontend expertise along with developing backend capabilities. A quick learner with strong problem-solving skills, effective communication abilities, and a proactive approach to adopting new technologies. Comfortable working in Agile teams, participating in code reviews, and supporting production issues.

EXPERIENCE

SOFTWARE DEVELOPER

Tablabs Private Limited, Pune

Dec 2023 - Oct-2025

- Developed user-facing features using the Angular framework.
- Implemented lazy loading to improve application performance by reducing initial load time.
- Designed and developed interactive web applications using JavaScript, HTML5, CSS3, Angular, Angular Material, Bootstrap and React.
- Integrated RESTful APIs for seamless data communication between frontend and backend.
- Worked on validation using forms and created dynamic visualizations using Chart.js and Apex Chart.
- Implemented routing using Angular RouterModule for smooth navigation across application modules.
- Debugged and troubleshot issues to ensure smooth performance and scalability of applications.
- Actively participated in code reviews and provided constructive feedback.
- Used React Hooks (useState, useEffect) for state management and API integration, handling data fetching and updates efficiently.
- Built reusable React components and managed state using React hooks for dynamic and interactive user interfaces.
- Utilized React Router for implementing navigation and enhancing single-page application (SPA) experiences.

ANGULAR INTERN

Celestial Technology, Pune

Aug 2023 - Nov-2023

- Built responsive user interfaces using HTML, CSS, JavaScript, Bootstrap, and Angular.
- Integrated backend APIs using Angular services to display structured JSON data.
- Designed dialog boxes and modals using Angular Material.
- Implemented client-side routing for seamless navigation between pages.
- Debugged and resolved UI issues to optimize user experience.

SKILLS

- Angular (10+ Frameworks)
- React
- Next JS [Basic]
- JavaScript, HTML5, CSS3, Tailwind CSS
- Java
- Oracle[CRUD Operations, Joins]
- Responsive Web Design
- RESTful API Integration
- Code Reviews & Debugging
- Version Control (Git)
- Agile Development Methodologies
- Problem-Solving & Optimization
- Build Tools: Angular CLI, NPM
- UI/UX Collaboration
- Ionic Framework
- Project Management Tools

ACHIEVEMENTS

- Optimized an application to reduce loading time by 30% using Angular Lazy Loading.
- Developed a dynamic survey application, integrating complex user interactions and advanced form validation.
- Successfully implemented and customized UI components using Angular Material and Bootstrap for multiple projects.
- Led the development of a responsive dashboard for real-time analytics, achieving 100% client satisfaction.

LANGUAGES

- English
- Hindi
- Marathi

HOBBIES

- Playing Cricket
- Playing Kho-Kho
- Listening to Songs

EDUCATION

MCA (MASTER OF COMPUTER APPLICATIONS)
ITM College, Nanded
Pursuing | 2024 – Present

B.SC. (COMPUTER SCIENCE)
SRTMUN Nanded in 2022. CGPA 9.44

HSC
From Cambridge College, Basmat in 2019. Marks 65.08%

SSC
From Bahirji Smarak Vidyalaya, Basmat in 2017. Marks 65.80%

CERTIFICATION

Full Stack Java Development Course

Naresh i Technologies, Hyderabad

ADDITIONAL SKILLS

- Foundational knowledge of Java and Java-based application development.
- Basic Knowledge of Oracle.
- Completed one academic project using Advanced Java (JSP, Servlets, JDBC, Oracle) as part of the Full Stack Java course at Naresh i Technologies, Hyderabad.
- Familiar with Agile development methodologies, including sprint-based development, stand-ups, and iterative delivery.
