_____

CAREER OBJECTIVE

Analytical and passionate **Full Stack Java Developer** with hands-on experience in both front-end and back-end technologies. Skilled in **Java**, **Spring Boot**, **React.js**, and **MySQL**, and actively learning **Data Structures & Algorithms (DSA)** to strengthen problem-solving skills. Known for delivering clean, scalable, and user-friendly web applications, and excited to contribute to a collaborative and growth-oriented development team.

_____

Internship Experience

Java Full Stack Developer Intern

Digital Edify, Hyderabad | July 2024 – December 2024

Project: *HR Lync – Human Resource Management System (HRMS)*

- Developed **Employee Management**, **Leave**, and **Attendance** modules using **Spring Boot** and **React.js**.
- Created **RESTful APIs** for data management and process automation.
- Designed **responsive UIs** with **Tailwind CSS**, ensuring compatibility across devices.
- Worked on **Employee Self-Service Portals** to enable real-time data updates.
- Collaborated in **Agile/Scrum** sprints and used **Git** for version control.

React.js Developer Intern

Galactix Solutions Pvt. Ltd., Hyderabad | January 2025 – June 2025

Project: *Telehealth Web Application*

- Contributed to **front-end development** using **React.js**, **Redux**, and **Tailwind CSS**.
- Integrated **payment gateways** and **REST APIs** for booking and patient management.
- Implemented **role-based access** and ensured **secure data handling**.
- Improved **UI performance** and **responsiveness** for a better user experience.

_____

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

TSGI, Burhanpur, Madhya Pradesh

2020 – 2024

CGPA: 8.81 /10

_____

Academic Projects

Thrift Store Web Application

- Built a **full-stack single-page application (SPA)** using React.js, Spring Boot, and MySQL for buying and selling second-hand products.
- Designed a **responsive, mobile-friendly UI** with Tailwind CSS for seamless experiences across all devices.
- Implemented **multilingual support** using JSON-based resource files and react-i18next, allowing users to toggle languages dynamically without page reloads.
- Added **dark and light theme options**, enabling users to switch display modes for better accessibility and comfort.
- Integrated **role-based authentication and authorization** with Auth0 in both React and Spring Boot, ensuring secure login, signup, and permission enforcement across user roles
- Managed the development workflow in Visual Studio Code, including component testing, debugging, and Git-based version control.

_____

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, TypeScript, HTML, CSS
Frameworks / Libraries: React.js, Spring Boot, Tailwind CSS
Databases: MySQL, MongoDB
Tools & Version Control: Git, GitHub, VS Code
Testing & Debugging: Jest
Architecture & Design: Monolithic, Microservices
Other: Data Structures & Algorithms (DSA), Problem Solving

_____

SOFT SKILLS

- Team Collaboration
- Time Management
- Adaptability
- Communication

_____

CERTIFICATIONS

- **Full Stack Development Course** – Digital Lync, Hyderabad
- **Letter of Recommendation** – Digital Edify, Hyderabad
- **Java Full Stack Developer Intern** – Digital Edify, Hyderabad
- **React.js Developer Intern** – Galactix Solutions Pvt. Ltd., Hyderabad
