SUMMARY

Results-driven and highly motivated IT professional with a strong passion for software development. Successfully completed the CDAC course to gain expertise in full-stack development, programming, and database management. Proficient in C++, Java, and .NET, with a strong foundation in data structures, algorithms, and object-oriented programming. Skilled in web technologies like HTML, CSS, JavaScript, and frameworks such as React.js and Spring Boot. Well-versed in database management using MySQL and MSSQL. Adaptable and eager to learn emerging technologies, seeking an entry-level IT role to contribute technical expertise and grow within a dynamic organization.

INTERNSHIP

Web Development and Design Intern, Geecon Pvt, Ltd – Mumbai, India   Dec 2022 – May 2023

- Developed and designed responsive websites using HTML, CSS, JavaScript
- Gained experience with version control systems like Git and GitHub

PROJECTS

SMBC

- Currently working with Oracle's FLEXCUBE and Oracle Banking Payments (OBPM) 14.7 as part of a client project for SMBC.
- Involved in the backend development using Java, PL/SQL, and database management with Oracle DB.
- Collaborating with cross-functional teams for integrating OBPM workflows and modifying UI screens to meet client needs.
- Working with tools like Insomnia for API testing and WebLogic Server for application deployment.
- Tools Used: Java, PL/SQL, Oracle DB, WebLogic Server, Insomnia

RideShare

- Developed a robust rideshare platform that connects users looking to share cab rides, enabling cost-effective travel while fostering social connections
- Designed & implemented the backend using .NET or SpringBoot ensuring scalability and high performance.
- Integrated Microsoft SQL Server (MSSQL) for efficient database management and optimized query performance.
- Implemented live tracking mapping features using Google Maps API, providing real-time ride updates.
- Developed a secure payment gateway using Razorpay, ensuring seamless and safe transactions between users.
- Tools Used: HTML, CSS, JavaScript, Boostrap, React.js, .NET(C#), SpringBoot, MSSQL

EXPERIENCE

Software Engineer Trainee - Java Backend Developer, Wowoni Pvt Ltd – Pune,   Sept 2025 – Present
India

- Developing and maintaining backend services using Java, implementing RESTful APIs and business logic.
- Working with PL/SQL for database management, including writing complex queries, optimizing database performance, and managing stored procedures.
- Gaining hands-on experience with Spring Boot, Hibernate, and relational databases such as MySQL.

EDUCATION

Centre for Development of Advanced Computing – PG-DAC   Aug 2024 – Feb 2025
- CDAC Acts, Pune

Bachelor Of Technology (B.TECH)   July 2019 – June 2023
- GH Raisoni College of Engineering, Nagpur

HSC   July 2017 – June 2019
- Bhalerao Jr. Science College, Saoner

SSC   July 2016 – June 2017
- Bhalerao High School, Saoner

SKILLS

Programming Languages: C, C++, Java, .NET (C#)

Web Development: HTML, CSS, JavaScript, React.js

Database Management: MySQL, PL/SQL, MSSQL

Software and Tools: Git, GitHub, VS Code, Eclipse, Visual Studio

Concepts: Data Structures Algorithms, Object-Oriented Programming (OOPs)

PUBLICATIONS

"Design and Implementation of Automated Solar-Based Irrigation System with Sensor-Based Pump Activation" – Published in IEEE WCONF, 2023   July 2023
