YUGANDHAR KODIGI
Full Stack Developer (Junior Level)

Phone: +91 9392778309 | Email Id: yugandharkodigi123@gmail.com | Location: Hyderabad

PROFILE

To be an adept and skilled **Full Stack Developer** with a completed B.Tech in Computer Science & Engineering (CSD), and to contribute significantly to a progressive organization by utilizing my knowledge of **Java, Spring Boot, SQL, and web technologies** to support its growth and success.

TECHNICAL SKILLS

Programming Languages: Java, SQL, Python, JavaScript (Intermediate)

Frameworks and Libraries: Spring Boot (Intermediate), JDBC

Web Technologies: HTML, CSS, JavaScript

Database: MySQL

API Development: RESTful APIs

Version Control: Git

Productivity Tools: MS Office (Word, Excel, PowerPoint)

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern   Feb 2025– May 2025

Rooman Technologies

- Developed and maintained full-stack web applications using Java, Spring Boot, and JavaScript to deliver scalable solutions.
- Designed and integrated scalable RESTful APIs to facilitate efficient, secure communication between client-side applications and backend services.
- Created responsive and user-friendly front-end interfaces using HTML, CSS, and JavaScript, improving user experience.
- Implemented data persistence and complex queries using JDBC and SQL with proper exception handling and optimization.
- Engaged in cross-functional teamwork, actively participating in daily stand-ups and continuous integration processes to enhance project efficiency and code quality.

ACADEMIC PROJECT

Name of the Title: Live Sports Scoreboard

- Developed a real-time sports scoreboard using Java, Spring Boot, and WebSocket to stream live match updates instantly to all connected users.
- Built a responsive and interactive front-end using HTML, CSS, and JavaScript, allowing users to view live scores and stats with real-time updates.
- Implemented secure admin controls and stored match data in MySQL, supporting live updates and historical record tracking.

Name of the Title: Library Management System

- Created a Library Management System to automate book inventory, user registrations, and borrowing/return processes using Java and SQL.
- Implemented role-based access control to differentiate between librarian and user functionalities, ensuring data security and efficient management.
- Built an intuitive user interface with HTML, CSS, and JavaScript for seamless navigation and real-time updates on book availability.

EDUCATIONAL QUALIFICATION

Bachelor of Technology in Computer Science and Engineering (CSD)   Sept 2022 – Apr 2025

Srinivasa Ramanujan Institute of Technology, Anantapur.

CERTIFICATION

- Certified in Software Testing from Great Learning.
- Certified in Java: Mastering the Fundamentals from Scaler Topics.
- Certified in Python: Mastering the Essentials from Scaler Topics.
- Certified in SQL: Mastering the Essentials from Scaler Topics.
- Certified in Node JS: Mastering the Essentials from Scaler Topics.

PERSONAL INFORMATION

- **Full Name:** Yugandhar Kodigi
- **Father's Name:** K Gopal
- **Mother's Name:** K Ramadevi
- **Date of Birth:** 23 Mar 2003
- **Languages Known:** English, Telugu,
- **Address:** Anantapur, Andhra Pradesh

DECLARATION

I hereby declare that the above-mentioned information is true and correct to the best of my knowledge and belief.
