Shrutik Dudhe

Java Developer

shrutikdudhe143@gmail.com

9130867830

Professional Summary

Results-driven **Java Developer** with **1.5 years of experience** in designing, developing, and deploying **scalable web applications** using **Java, Spring Boot, Spring MVC, Hibernate, and Microservices**. Skilled in building **RESTful APIs**, optimizing **database performance (MySQL)**. Hands-on experience with **Maven, Git, and Agile methodologies**. Proven ability to enhance **system performance, reduce processing time by 20%**, and deliver high-quality solutions in **fast-paced team environments**.

Education

Prof. Ram Meghe College of Engineering and Management – Amravati, Maharashtra
B.E. in Computer Science and Engineering | 2020 – 2024

- CGPA: **8.92**

Skills

Programming Languages: Java, JavaScript, HTML, CSS
Frameworks & Technologies: Spring Boot, Spring MVC, Hibernate, JSP, Microservices, Rest API , J2EE
Databases: MySQL , Postgrase
Tools & Platforms: Docker , Postman ,Maven, Git, VSCode, Eclipse
Cloud Platforms: AWS(EC2)
Other Skills: Agile/Scrum, SDLC, Problem-Solving, Performance Optimization

---

Professional Experience

Unikaihatsu Software Private Limited – Java Developer
June 2024 – Present

- Developed and maintained scalable web applications using **Java, JSP, Spring MVC, and Hibernate**.
- Designed **MySQL database schemas** to securely store and manage sensitive financial data.
- Enhanced system performance and reduced **transaction processing time by 20%** through backend optimization.
- Collaborated in cross-functional teams, achieving a **performance score of 8.52** for consistent contributions.

Projects

JBIPR – Janmabhoomi Newspaper Website
Mar 2024 – Present

- Designed and developed a responsive newspaper web portal using **Spring MVC framework**.

- Integrated **REST APIs** and implemented **Microservices architecture** for modular scalability.

- Built the frontend using **HTML, CSS**, and backend logic with **Java and SQL**.

- Ensured efficient data rendering and smooth user navigation.

Insider Trading Compliance

Sep 2024 – Dec 2024

- Built key features to ensure adherence to **insider trading regulations**.

- Designed and optimized **database schemas** for secure financial data management.

- Integrated **Spring MVC** to create efficient and scalable backend services.

- Collaborated with cross-functional teams to enhance system reliability.

Languages

- English (Fluent)

- Japanese (N5, N4)

- Hindi (Fluent)

- Marathi (Native)

Certifications

- **Introduction to Cloud Computing**

- **Introduction to Machine Learning**
