Education

RGPV University
Bachelor of Techlonogy in Electronics and Communication Engineering *indore, mp*

RGPV University
Diploma (Electronic and communication) *Burhanpur, mp*

Technical Skills

- HTML
- CSS
- JavaSript
- Java
- (basic) React

Internship Experience

Accenture Company **May 2023 — October 2023**
web developer *Remote ,6 month Internship*
- Writing HTML, CSS, and JavaScript to implement the visual design of the site.
- Using JavaScript frameworks like React, Angular, Vue.js to create interactive web applications.
- Ensuring that the design is responsive and optimized for various devices (desktop, mobile, tablet). Collaborating with UI/UX designers to implement design changes and improve the user experience.
- Explored ways to visualize and send a daily report of test results to team members using HTML, Javascript, and CSS.

OctaNet Services, company **july 2024 – December 2024**
Front End Developer Intern *Remote, 6 month Internship*
- Front-End: Designed and implemented a responsive user interface using React, incorporating Redux for state management, resulting in a seamless user experience..
- Back-End: Developed a RESTful API with Node.js and Express to handle user authentication, task creation, and data retrieval.

Projects

E-Commerce Website | **January 2024**
- Front-End Development: Created an intuitive user interface using React, implementing features such as product filtering, search functionality, and a dynamic shopping cart.
- Payment Integration: Integrated Stripe API for secure payment processing, enabling users to make transactions with credit/debit cards while ensuring PCI compliance..
- Responsive Design: Ensured the website is mobile-friendly, providing an optimal shopping experience across devices..

Social Media Dashboard: | **May2024**
- Front-End Development: Designed a user-friendly dashboard using javascript, incorporating Chart.js to display key metrics such as follower growth, engagement rates, and post performance in a visual, intuitive format.
- This dashboard takes 3.5 seconds to load in any system mobile and laptop.. Design: Implemented responsive layouts with CSS3 and Flexbox, ensuring the dashboard is fully optimized for mobile and tablet users.

Real time chat application: | **August 2024**
- User Interface Development: Designed and implemented an intuitive and responsive user interface using React. Ensured a smooth user experience with components for chat windows, user lists, and message input
- • Real-Time Messaging: Integrated Socket.io to facilitate real-time messaging, allowing users to send and receive messagesinstantly without needing to refresh the page..
