SRAVANI KONDAPALLI

Mail: sravanikondapallisravani@gmail.com,**Number**: +91 7989808932
LinkedIn: https://www.linkedin.com/in/sravani356,**GitHub**: https://github.com/sravani-k-5

CAREER OBJECTIVE:

Full Stack Developer skilled in React.js, Node.js, Express, MongoDB, JavaScript, HTML, and CSS. Experienced in building responsive web applications with RESTful APIs, JWT authentication, and modern UI design. Passionate about creating clean, efficient, and scalable end-to-end solutions.

EDUCATION:

Sree Vahini Institute of Science and Technology, Tiruvuru, Andhra Pradesh.	2020 - 2024
Computer Science Engineering	CGPA – 7.57
Sree Srinivasa Junior College, Vissannapeta..	2019 – 2020
Intermediate.	CGPA – 8.5

TECHNICAL SKILLS:

- **Programming Languages**:   Python
- **Web Technologies:**   JavaScript, Html, CSS
- **Backend Technologies:**   Node.js., Express.js
- **Data base:**   SQL, MongoDB
- **Framework / Library:**   Bootstrap / React.js
- **Developer Tools**:   VS Code, Git, GitHub, Ms-office

PROJECTS:

VIDSPARK:

- Developed **Vidspark**, a full-stack video-sharing platform with **React.js, Node.js, Express, MongoDB, and Cloudinary**, enabling users to upload, watch, and manage videos.
- Implemented **JWT authentication**, responsive UI with React Hooks, and scalable media storage via Cloudinary APIs.
- Built **dynamic video upload and retrieval** with real-time progress, previews, and REST API–based user profile management.
- Designed a **YouTube-style video grid** with search, category browsing, and optimized performance using lazy loading, memoization, API caching, and MongoDB indexing

MOVIEBOX:

- Developed MOVIEBOX, a responsive movie-browsing web app using HTML, CSS, and JavaScript, enabling users to discover and explore movies.
- Implemented dynamic movie listing and retrieval with real-time data fetching and interactive UI elements for smooth browsing.
- Created search functionality and category-based filtering, ensuring users can quickly find top-rated movies.
- Optimized performance and responsiveness across devices, delivering fast load times and a seamless user experience.

CERTIFICATES:

- Full stack developer
- One month internship in Mern stack.

SOFT SKILLS:

Communication, Flexibility, Problem solving, Adaptability, Presentation skills
